Will Meet Dempsey
Again is Issue
Not Settled

CHICAGO, Sept. 23 (AP)—Happy
that he has proven himself at last
a fighter able to meet Jack Dempsey
on his own game and still win
even though the issue was clouded
by a "long count," Gene Tunney
today prepared to head homeward.

The heavyweight champion's
entourage, as he prefers to call it, had
reservations for a party of about
twenty on the Twentieth Century,
leaving Chicago at 1:40 p.m. tomor-
row for New York. Tunney is
undecided whether he will leave
the train at Cleveland for a few
days visit with friends or continue
straight home to his native Green-
wich village.

Invitation from Thompson
Tunney has an invitation from
Mayor William Hale Thompson to
attend a luncheon in the champion's
honors tomorrow noon and, if he ac-
cepts, may not leave the city until
later.

Before deserting his hotel apart-
ent here this afternoon to visit
friends for dinner, Tunney expressed
little sympathy with the claim of
Leo P. Flynn, filed with the
Illinois state athletic commission,
that the champion was given the
champion of too long a count when
Dempsey floored him in the seventh
round.

"Flynn has been appealing all his
life," Tunney remarked.

"It isn't surprising that he intends
to appeal the decision of last night.

"I watched Dempsey when I was
down in the seventh and second
and second count. I could have
ruined any time but preferred to gain
the benefit of the full rest. My
seconds waved me to stay down
when I was about to rise to the
count of five.

Willing to Meet Jack
Again

Gene said he was perfectly willing
to meet Dempsey again if the issue
still is in doubt.

"Why shouldn't I?" he asked. "I
can beat Dempsey every day in the
week and for another million dol-
ars I'd fight anyone. This is a

French "Tiger"

Clemenceau

PARIS, Sept. 23 (AP)—The Ameri-
can Legionnaires have deserted
Paris, overseas caps are absent from
the boulevards, and the stirring
tunes of American bands will no longer
be heard.

The band, its convention ended
yesterday, has evacuated the French
capital, journeying to the battle
fields of Saint Michel, Verdun, Chat-
neau Thibery and the Argonne.

A squad of one hundred aviators
crossed over Le Bourget field in honor of the legion, and a
committee of the Legion headed by
its new commander, General John:
Pershing and Howard P. Savage and
Commander Spafford were
accompanied by a large group of
others.
